

# TO OUR PARTNERS AND SPONSORS FOR YOUR CONTINUED SUPPORT IN 2018

# THANK YOU

On January 10, 2018, PA Dept of Agriculture held its annual Public Officials Day at the PA Farm Show Complex in Harrisburg with a record turnout. Present at the event were invited guests of Hunters Sharing the Harvest. Among the HSH delegation were members of the natural gas industry, who are among the strongest supporters of the venison donation program, plus statewide business and government leaders, members of the HSH board of directors, volunteers and staff. Each year, this event serves as a reunion for HSH supporters and friends an an opportunity to discuss and exchange ideas, and hear about the successes of the program.

Thank you all again for your support and participation with  
Hunters Sharing the Harvest.
