

HUNTERS SHARING THE HARVEST

SPONSORSHIP & DONATION OPPORTUNITIES

Do You Know? There are 1.5 million families in Pennsylvania in need of food assistance. Many of these families access the resources of local food banks to help put food on the table. Since 1991, Hunters Sharing the Harvest has coordinated the processing and distribution of donated venison from hunters through a network of approved deer processors and food banks reaching local provider organizations in urban and rural communities.

How it Works: HSH provides a network to collect and distribute that donated meat. The program begins when the hunter delivers a deer to any of our participating deer processors. The processor then grinds, bags and temporarily stores the venison for distribution to the food banks. Venison is a high-protein, low-fat and 100% natural food source, and is in great demand by food distribution centers across the Commonwealth. Processed meat is distributed via the state's 21 regional food banks (www.hungerfreepa.org & www.feedingpa.org) which then channel it to more than 5,000 local providers such as food pantries, missions, homeless shelters and churches.

How You Can Help: Like most non-profits, HSH encounters greater funding challenges each year, as more deer being donated mean increased processor reimbursement expenses. This is why your commitment to participate is so greatly appreciated. Your sponsorship gift helps ensure our processors are paid in full now and in the future. In addition, a major sponsorship gift at the corporate level identifies your business/organization as one that cares about natural resources, the outdoor experience and contributing to the quality of life in communities across Pennsylvania.
